

# Sage MIP Fund Accounting User Group Meeting

TOPICS FOR DISCUSSION
<p><b>Reporting</b> – Have you ever wanted to produce a financial statement, but weren't sure where to start? When should you work with the Statement of Activities rather than the Statement of Revenues and Expenditures? What features does the Statement of Revenues &amp; Expenditures by Period offer that aren't found anywhere else in the software? Join us in April for answers to these and many more questions related to financial reporting.</p>
<p><b>Data Entry Tips &amp; Tricks</b> – Not yet using the Process Manager? Ever wonder why anyone would set up User-Defined Fields? Are you making the most use of the Memorized and Recurring transactions? What about copying and reversing documents/sessions? Come add to the discussion by sharing your favorite shortcuts.</p>
<p><b>New for Payroll</b> – Sage has introduced two new exciting modules for MIP – Human Resources and Employee Web Services. We'll offer a high level overview of them and share ideas about how they might be put to good use in your organization.</p>
<p><b>Open Forum</b> – As always, a time for questions &amp; suggestions to share with fellow MIP users</p>
