

What's New in Abila MIP Fund Accounting™ Version 2018.1

Finance and accounting professionals need a high performing system that helps them save valuable time. In this release, we've made key performance improvements and reporting enhancements across MIP™. In addition, we've launched a new MIP™ Idea Portal, enabling you to conveniently submit new feature and enhancement requests to your Abila MIP™ team.

MIP Fund Accounting™

• Performance Improvements

- Performance enhancements have been made systemwide
- Quality enhancements have been made systemwide

• EFT and Payroll Modules

- Configure whether EFT for AP and Payroll Direct Deposit ACH files have filler rows at the end of the file
- Specify if the ACH file should be configured for same-day clearing

MIP™ Idea Portal

You can find the MIP™ Idea Portal on the MIP™ Menu at mipideas.abila.com. This portal contains 20-plus unique categories across MIP™ for quickly submitting your ideas. You can also vote for other ideas submitted by your peers and check statuses of all ideas.
