Seamless Payments Integration with Sage Intacct

Versapay's 2CP Sage Intacct payment solution integrates seamlessly with Sage Intacct to provide you with everything you need to email invoices, process customer payments, offer diverse payment methods, lower your processing fees, automate manual processes, enhance security, and increase revenue.

Reduce manual AR processes by more than 30%

Average savings of 20% on payment fees

Accelerate payment collection by 25%

"As a result of the powerful automation and efficiencies we've gained with Intacct and Versapay 2CP, our finance team easily keeps pace with HomeVestors' growth, and we're avoiding upwards of $150,000 in headcount and consulting costs each year. The finance team saved 30-35 hours every week and shortened days sales outstanding by two days."

Keith Ungerer
Corporate Controller, HomeVestors

Lower Processing Costs
- With an all-in-one payment gateway, B2B card processing, and customized reporting tools, our solution minimizes costs with Interchange Optimization and Level III processing.
- Save over 20% on payment fees, get more customer data, achieve lightning-fast ROI.

Reduce Manual Processes
- Give your customers a more convenient payment experience and reap the benefits.
- Spend less effort collecting payments, maximize efficiency, and streamline AR processes with easy-to-configure recurring payment options.

Drive Incremental Sales
- Let your customers pay the way they want and increase revenue by accepting all payment types in one place.
- Accept credit, debit, ACH, virtual cards, checks, bank payments, Apple Pay, PayPal and more.

Start Accepting Payments Today
- Our Sage Intacct integration ensures you can start collecting payments from your customers quickly, across all sales channels.
- Automate invoice payments according to your customers' preferences and charge payment methods in real-time.

Avoid Payments Fraud
- Securely process your online orders from cart to cash using our flexible payment gateway, integrations with popular shopping cards and competitive merchant services.
- Reduce risk of fraud with optional checkout solutions that limit fraudulent chargebacks.

Reduce Risk and Chargebacks
- Our solution protects you, your customers, and eliminates fraudulent chargebacks without dictating how your customers need to pay.
- Tokenize and encrypt sensitive credit card data for enhanced security and peace of mind.
